WardWiz Android Essential Plus

**Because Anti-Virus is simply no longer
enough !!!!**

Digital devices such as smartphones, enable people to make the most of their digital lives and businesses in today's increasingly led online-based economy. But now there are enormous risks which threaten digital devices such as smartphones and tablets.

Not only do we fully protect our customers' digital devices from these ever expanding avenues of harm, we focus strongly on protecting your children through our unique and extensive parental control features.

Parental Control

- Restrict and monitor App access and use
- Block inappropriate content
- Locate the child's cell phone
- Set a safety radius for your child outdoors

Anti-Theft

- Designed to protect against theft and unauthorized device access
- The owner receives a notification via e-mail which contains both the selfie and the location of the device.

Zero-Day & Anti-Virus Protection

- Our constantly updated Malware database containing over 800 million virus signatures combined with our daily heuristic device scan mechanism guarantees permanent protection.

**All these functions and more included all in
one package with no hidden extra costs**
