Dear Parent/ Guardian,

We hope you are all well and managing in these challenging times as your children return to school. We are contacting you to assure you that we haven't forgotten about you and are hoping to celebrate First Holy Communion with you and with your child as soon as it is safe to do so.

Due to the present restrictions, the Church is closed for public worship, hence there are no dates for the celebration of these sacraments. Once permission to reopen is granted, the parish will contact the school to arrange dates to celebrate the sacraments for the children from last year before moving on to this year's cohort.

It has been a long wait for you and for your child but we have hope that the day will be a wonderful celebration when it finally comes along.

May God keep us safe as we move towards some kind of "normality".

Fr. Cyril Mangan

Administrator
